

COMMENT FORM

Public Scoping Meetings

We need your input. Please take a few minutes to provide your comments or questions for the USDA RUS Federal Environmental Impact Statement process and return your completed form today or mail by June 29, 2009. Your comments help in the planning and implementation of the project. **Thank you.**

Completing this form will automatically add you to our mailing list. If you prefer to not be on the mailing list, please check the box below.

☐ I do not wish to be on the project mailing list

Which meeting did you attend? 6-17-09 Wausauville Town Hall

Please check the following issues that are important to you for transmission line siting.

- ☒ Project Purpose and Need
- ☒ Visual / Aesthetic resources
- ☒ Proximity to residences
- ☒ Land use (agriculture, residential, recreation)
- ☐ Water resources (floodplains, river crossings)
- ☐ Biological resources (wildlife habitat, raptors)
- ☐ Historic and cultural sites
- ☐ Radio or television interference
- ☐ Noise
- ☐ Health and safety
- ☐ Other: _____

What additional key issues should be addressed when assessing the potential impacts of this project?

I-037-001

If they need add'l. lines add them to
the existing corridor of transmission lines.
It's just a "COMMON SENSE" solution

Hampton • Rochester • La Crosse 345 kV Transmission Project

I-037-001

Your comment has been noted. Alternatives to the project will be addressed in the Draft Environmental Impact Statement. The Draft Environmental Impact Statement will be available on the RUS website at: <http://www.usda.gov/rus/water/ees/eis.htm>. Comments on the Draft Environmental Impact Statement will be solicited after its publication.

If you own property in one of the proposed corridors, please indicate all the existing uses of your property below:

- ☒ Agriculture ☒ Residential ☐ Conservation Easement
☐ Commercial ☐ Industrial ☐ Other: _____

Please describe any special uses or circumstances on your property that should be considered when assessing the Project. Please indicate the location of your property.

Warsaw Township, Goodhue Co, Minn. USA

In your opinion, what are the most sensitive resources (biological, cultural, recreational, ect.) in the Project area and why?

Biological, The US needs to wake up & quit building new coal fired electrical plants.
We need to start building new nuclear power plants & alternative energy sources.
Coal fired plants may be cheaper in the short run, but they will cost us & future generations dearly. The carbon footprint is just too big.

In your opinion, was the project description, purpose, and need for the project adequately explained? If not, what additional information is needed?

If eastern Wisc + Ill. need it,
Dowd, build the plants down there,
not in So. Dakota/North Dakota.

Please tell us how to reach you.
